LOAN TERMS ARE SETTLED

Amount Will Be \$500,000,000 Secured by Five-Year Joint Notes

PRICE TO THE PUBLIC DECIDED ON AT 98

Will Yield Investors Approximately 5 1/2 Per Cent—Syndicate Handling Loan Will Subscribe at 98—Denominations to Be as Low as \$100.

NEW YORK, Sept. 29.—The agreement between the Anglo-French financial commission and the American bankers with whom they have been conferring over the proposed credit loan to Great Britain and France, has resulted in the formation of a definite plan, it was officially announced here last night, for the establishment of a \$500,000,000 loan issue on five-year 5 per cent joint British and French bonds, payable jointly and severally by the two nations upon which the big loan will be a first lien.

The bonds will be issued to the public at 98, thus yielding approximately 5 1/2 per cent to the investor, and to the national syndicate of bankers which will subscribe to the loan at 96. Formation of the syndicate has been left to J. P. Morgan & Co. and a large group of American bankers and financial houses. The bonds will be issued in denominations as low as \$100 and subscribers thereto may pay for them by instalments. At maturity these bonds will be repayable in cash or convertible into 4 1/2 per cent joint Anglo-French bonds redeemable from 10 to 20 years thereafter by the two governments jointly and severally.

The 2 per cent margin between the prices at which the issue will be offered to the public and the syndicate will reimburse members of the syndicate, it is contemplated, for their expenses in placing the loan on the market. To bring the present offering—the largest of its kind ever placed in the United States—before investors throughout the entire nation, the country will be divided into districts or zones and to each district there will be delegated a subcommittee of the syndicate managers, composed of the subscribing banks and trust companies within the districts. Thus at Boston, at Philadelphia, at Pittsburgh, at Chicago, and at other financial centers a committee of the banks in each city or section will have direct charge of the work

of marketing the securities among investors residing in their districts. These subcommittees will work simultaneously and will report to the general syndicate managers who will be located in New York. The five-year bonds, principal and interest, will be payable in New York. It is possible that the interest will be payable in other cities; this detail with many others is yet to be decided upon. In order, however, to comply with regulations of the New York stock exchange, New York city will be designated as the place of payment upon maturity.

Parliamentary ratification of the plan is necessary in the case of both Great Britain and France, but it is assumed by members of the commission that such endorsement will be secured without difficulty. The commission has been in constant communi-

cation with both Paris and London and details as to the progress made have been placed before the treasury authorities of both capitals from day to day.

LONDONDERRY.

Herbert Bowen of Sunderland is visiting his cousin, Asa Baron.

Lawrence Leonard returned to his school in Burlington Monday.

Rev. Mr. Lewis of Ludlow will preach in the chapel Sunday morning.

Miss Ethel Hewes of Winhall was a guest of Madison Farm over Sunday.

Hiland Sheldon, Collins Boynton and Page Boynton have been ill but are better.

Work has been begun on the new sidewalks from Wilder's through to the postoffice.

Many from this place attended the fair in Bellows Falls and Bondville Tuesday.

Mrs. Addie Allen has returned to her home, after being at Eagle camp several weeks.

Harry Cudworth of New York city was a week-end visitor of his father, Walter Cudworth.

Mr. and Mrs. Gates Tuttle and daughter of Greenfield, Mass., were guests recently of Horace Dryden.

Mrs. Walter Cudworth was in Bennington last week and her son, Ernest, wife and daughter returned with her.

Rev. T. D. Preston has been away two Sundays and Rev. T. D. Davies of the South village has taken his place.

Mrs. Gridley has gone to Connecticut for the winter. Mrs. Waterman, who has boarded at Frank Stowell's this summer, has gone to her home in Boston.

TOWNSHEND.

J. M. Powers is visiting his sister, Mrs. Mary Clark, in Athens.

D. Benson of Fitchburg, Mass., is visiting in the home of his father, A. D. Benson.

Mrs. Mary Greenwood is visiting her granddaughter, Mrs. Mand Radway, at her home in New London, Conn.

A recent letter from Mrs. H. F. Dutton of Gainesville, Fla., whose summer home is in Harmonyville, states that Col. Dutton is recovering from a severe operation and after spending some time in the Jacksonville hospital is now at his home in Gainesville.

NEWFANE.

Mrs. W. C. Ballou is visiting his sister, Mrs. Lyman, in Burlington.

A large number from this place attended the Valley fair and carnival in Brattleboro.

Ward H. Eager came Saturday night for a short visit, returning Sunday night to New York city.

After adjourning one day for the Valley fair court took a recess Friday morning until Monday afternoon.

Mrs. E. Roland Smith of Oak Bluffs came Saturday to visit her sister and aunt at the Newton homestead.

Mrs. Abby Pond is ill. A nurse from the Mutual Aid society in Brattleboro was called Sunday to care for her.

Frank S. Rand came home Saturday and on Sunday took his family to their new home in Hartford. The household goods went by an auto truck.

Dr. Clifton Howe, who spent the summer at his home in Newfane, left Monday to continue his engagement as professor in forestry in Toronto university.

While Charles Higgins and family were visiting relatives here last week he received a telegram saying his house and contents were all destroyed by fire at Hampton Beach.

Judge F. L. Fish was in Amherst Saturday to witness a football game in which his son, "Ted," participated.

"Ted" returned to Newfane and attended a family dinner party at the Inn before returning to Middlebury college.

The Ladies' Aid society, through the kindness of E. V. Morse of Brattleboro, will give an aluminum demonstration in the church parlor Thursday afternoon, Sept. 30, at 3 o'clock. A small admittance will be charged which will be given to the society in charge. No sales will be made or prices given at the demonstration.

The Congregational Sunday school has endorsed the scientific temperance poster and leaflet campaign which the Anti-Saloon league is asking every

Sunday school in Vermont to endorse and to assist in carrying out during the coming 20 Sundays. The order of service arranged for Sunday, Sept. 19, was used and leaflets showing the degeneracy caused by alcoholic men distributed to every member of the school with the request that they should pass them to others. The large poster which occupied a prominent place in the church vestibule and was brought to the front in the Sunday school gave information concerning the influence of alcohol on the child, the investigation having been made when the families lived in the same section and were similarly situated, except as regards intemperance. The result showed the defective children in ten temperate families to be 18 per cent and in ten intemperate families 82.5 per cent. The educational value of the poster and leaflets are well worth the small sum required to obtain them and it is expected that the attention of many who see the posters will be aroused by the startling facts about alcohol and that the leaflets will reach every home in the community.

WARDSBORO CENTER.

Death of Mrs. Edwin L. White.

The friends of Mr. and Mrs. Edwin L. White of North Bennington were pained to learn of the death of Mrs. White, which took place Wednesday, Sept. 22, from cancer of the stomach and bowels.

Mrs. White came to Wardsboro at the time of her marriage in October, 1878, and lived in town 15 years, but had lived in Bennington, Shattisbury and White Creek, N. Y., since 1895. She leaves, besides her husband, three daughters, Mrs. Grace Andrews, Mrs. Nina Bennett and Mrs. Rosa Griffith, and three grandsons, children of Mrs. Andrews.

The terrific wind storm of Sunday and Sunday night did considerable damage to fruit and other trees and apples were blown from the trees.

JAMAICA.

Benefit Association's Good Work.

Anna L. Stark, secretary of the Jamaica Benefit association, in making her annual report, stated the amount netted for the treasury from the 12 monthly teas was \$27.40; the society received from the sale of fancy and useful articles \$342.70; the amount received from entertainments, etc., was \$42.56, and the balance of the Old Home day money was \$114.37.

In accordance with a vote taken at a previous meeting the money earned was used in laying sidewalks. The society has made walks of 2,527 feet in length, or 1,123 1-9th square yards, and this does not include the walk leading to the Dr. Thomas house.

The society also received for defraying expenses on walks the following sums: Cash solicited from citizens of the village \$109.60, work given on walks \$28.00, check from John L. Knowlton \$5.00, cash from Mrs. Minnie Preston \$1.00, check from I. H. Page \$25. Through the kindness of Mrs. L. H. Page the society was able to give a present of \$25 cash to Mrs. Lulu Williams. The books show a grand total of \$484.23 earned, solicited and donated during the year from Sept. 15, 1914, to Sept. 21, 1915.

Mrs. George L. Clarke is at her home in Jamaica.

Mrs. J. C. Robinson is having her house painted.

W. A. Newell has been working for Frank Kidder of Wardsboro.

Mr. and Mrs. Roland Wheeler returned Wednesday from Rutland, where they had been to attend the funeral of Mrs. Clark.

Mrs. A. H. Stark is buying ferns and princess pine again this year. Last year she bought over \$1,200 worth for fern companies outside of Vermont.

It isn't the mere looking upon the wine when it is red, or any other color, that does the harm.

The "Single Damper" in Crawford Ranges

is the greatest improvement ever made in stoves. By one motion it regulates fire and oven—push the knob to "Kindle", "Bake", or "Check"—the range does the rest. Better than two or more dampers. Have you seen it?

This Single Damper is patented—no other range has it.

The deep Ash Hod—instead of the old clumsy ash pan—with Coal Hod beside it (patented) is easy to remove—doesn't spill ashes.

Gas ovens if desired; end [single] or elevated [double].
